DOMAIN 7: Prayer/Religious Practices	79	76
DOMAIN 8: Catholic Faith Literacy	71	68
OVERALL DOMAIN SUMMARY	73.5	70.8

Diocese of Youngstown 2010

Catholic Schools' Report Card

The Diocese of Youngstown issues this report to provide accountability for its educational program. The results of one state and two national testing programs are detailed: the *Ohio Graduation Tests*, the *Iowa Tests of Basic Skills*, and the *Assessment of Catechesis/Religious Education (ACRE)*. The results of these tests are used by the Diocese and the individual schools to identify areas of strength and areas where improvement is needed. This engages schools in strengthening their Catholic identity and improving the conditions for student learning.

The Diocesan schools are required to administer the *Ohio Graduation Tests*. These tests cover the areas of social studies, mathematics, reading, writing and science. For reporting purposes, the performance of tenth and eleventh graders on the Ohio Graduation Tests are reported. In addition, the Diocesan attendance rate for all schools and the Diocesan high school graduation rates are provided.

The Iowa Tests of Basic Skills is a collection of standardized tests for several subject areas. The tests are national and are taken by public, private and parochial students. In the Diocese of Youngstown, the tests are given annually in the Fall. Results are reported for students in first through seventh grade. The purpose of these tests is to provide information that will be used to improve instruction.

The mission of the Catholic schools is to foster the formation of its students in the Catholic Faith. Catholic identity and spirituality are at the heart of the school. To assist the schools in assessing student growth in religious development, all Diocesan schools give the *Assessment of Catechesis/Religious Education (ACRE)* to students in grades five, eight and twelve. The scores listed in this report reflect the performance of both Catholic and Non-Catholic students on the Faith Knowledge section of the ACRE. Scores are reported in terms of the average percent correct for the group on the questions in each area or domain.

95.7 %.***

Percentage that must be met to meet the State Standard for the High School Graduation Rate is 90%.

***The Diocesan High School Graduation Rate is
98.3%.***

IOWA Tests of Basic Skills Report

**Diocesan Averages – National Student Norms
Based on Testing in Fall, 2009**

The scores below are listed in percentiles. The percentile score indicates the performance of the typical diocesan student in relation to other students, nationally, in the same grade. For example, the diocesan average for grade 5 in Language was 73. This means that the typical diocesan fifth grade student in Language scored as well as or better than 73 out of every 100 students nationally based on the national norms. Fall testing enables schools to provide intervention and assistance for students during the current school year.

Diocesan Student Performance

Grade	Reading	Language	Math	Composite
1	71	76	71	N/A
2	68	62	60	N/A
3	71	70	64	74
4	68	66	65	70
5	71	73	67	71
6	65	66	61	66
7	69	71	69	70
8	71	74	70	71

N/A –Non Applicable: Students in these grades do not take the complete battery of tests so a composite score is not available.
